Jacobi For State Senate 2018

P.O. Box 15073

Santa Rosa, Ca 95402

VJacobi@sonic.net

FPPC #: 1403989

## Differences between incumbent Mike McGuire and Veronica "Roni" Jacobi:

Roni has the engineering background, work experience, guts and leadership record. She demands IMMEDIATE, COMPREHENSIVE, government binding Climate Change State Of Emergency Declarations. Roni's "Climate New Deal - California Good Jobs, Housing & Climate Plan" creates multisolving solutions at the speed and scale needed including many measures from the book DRAWDOWN, the plan to reduce greenhouse gas pollution to safe historic levels. Science strongly indicates that greenhouse gas emissions exacerbate wild fires.

### Roni disagrees with the following votes and abstentions:

- McGuire voted for SB 901, which lets PG&E off the hook for wildfire damages, even when negligent, and puts us ratepayers on the hook instead for wildfire damages. The bill also weakens waterway and other environmental protections. **Roni opposed SB 901.**
- He abstained on AB 7, which outlaws open carry in more public places. **Roni earned the Moms Demand Action Gun Sense Candidate distinction.**
- He abstained on AB 1066, legislation to ensure fair overtime pay for farm workers. **Roni supports farm workers receiving fair overtime pay.**
- He abstained on AB 1352 in 2015, which prevents the deportation of immigrants for minor drug offenses. **Roni supports immigrants.**
- He voted for SB 1383 in 2016, which created exemptions for the very potent greenhouse gas, methane. **Roni was the first candidate to sign onto The Climate Mobilization Pledge many years ago**, and she signed onto the Declare Climate Change a Major Disaster petitions on November 4th, 2016 (California petition). September 28, 2017 (Puerto Rico, Texas, Florida petition). She also has won 3 awards and other recognitions for her climate and neighborhood activism.

### McGuire has taken corporate money from:

- Govern for California Courage Committee, a front group for the charter school industry (\$3,000);**
- Verizon (\$1,500);**
- EdVoice for Kids, another front group for the charter school industry (\$3,500);**
- The California Chamber of Commerce (\$2,000);**
- The California Real Estate PAC, which opposes bills to protect people in their homes and establish reasonable rents for tenants (\$9,000);**
- Anthem, an insurance company (\$1,500); and,**
- United Airlines (\$2,000), among other donations.**

**Roni has taken NO corporate money.**

**Spread the word!**
